SKILLS

Intellectual

Insights/Synthesis, Information Architecture, Visual Design, Interaction Design, Motion Design, Prototyping, Storytelling, Conceptualizing, Data Visualization, Mentoring.

Tools

Sketch, Figma, Adobe After Effects, Adobe Illustrator, Adobe Photoshop, Marvel App, Principle, Zeplin.

I am a stern tech designer. Being a multidisciplinary professional allows me to pick up any new tool in no time.

Code

HTML-CSS, Wordpress, Java.

EXPERIENCE

Microsoft India Development Center
UX Designer II
Hyderabad, India
Present - 2 years, 9 months. 2016

I am lead designer on a mobile first chat productivity platform called Kaizala. Design has played a pivotal role in making Kaizala a global product from a small incubation.

Overall, I have championed the design framework for creating Actions (Mini-Apps) in the context of getting work done in chat. I have designed UX for Survey, Quiz, Polls, Trainings, Announcements and setting up design guidelines for any developer to build them on Kaizala.

Practo Technologies

Product Design Intern
Bangalore, India
6 months. 2015

I redesigned the Practo Ray, a Mobile first EMR (Electronic medical record) for Doctors. I was the sole designer responsible from conceptualizing to shipping the product.

IBM India

UX Design Intern
Bangalore, India
3 months. 2014

I extensively worked on conceptualization, Interaction design and data visualization for a web platform.
